

General Information

Presentation	100 lb (sack)	50 lb (sack)	Big Bags	Bulk
Availability	N/A	N/A	N/A	✓
Code				LCB
Qualities available*				NC

Colors: White

Technical Information

Total Alkalinity (as Na ₂ O) ASTM D-1208.....	0.04%
Bulk Density (ASTM D-1895).....	N/A
Moisture.....	0.15%
Acid Insoluble.....	0.14%
pH (ASTM D-1208).....	10.22
Particle Shape (Microscope).....	N/A
Dry Brightness (Hunter Reflectance).....	N/A

Typical Chemical Analysis

Calcium Carbonate.....	95.50%
Magnesium Oxide.....	1.64%
Silica.....	1.91%
Aluminium oxide.....	0.04%
Ferric oxide	0.68%
Potassium Oxide.....	0.01%
Sodium Oxide.....	0.02%
Sulphates.....	> .10 %
Lead	> 10 (mg/kg)

Market Applications

- Decoration

*Qualities available: S= Supreme P1= Premium 1 P2= Premium 2
 T1= Type 1 T2 = Type 2 NC= Non classified

Calcium Carbonate is subject to normal variations related to the deposits from which it is extracted.
