

# GM-1020T1 - GranuMin - #10 + #20

## General Information

Presentation	100 lb (sack)	50 lb (sack)	Big Bag	Bulk
Availability	✓	✓	✓	✓
Code	GM-1020T1-100	GM-1020T1-50	GM-1020T1-BB	GM-1020T1
Qualities available*	T1	T1	T1	T1

Colors: White

## Technical Information

Total Alkalinity (as Na <sub>2</sub> O) ASTM D-1208.....	0.04%
Bulk Density (ASTM D-1895).....	84.84 lb/ft <sup>3</sup>
Moisture.....	0.15%
Acid Insoluble.....	0.14%
pH (ASTM D-1208).....	10.22
Particle Shape (Microscope).....	Geometric
Dry Brightness (Hunter Reflectance).....	81.42

## Typical Chemical Analysis

Calcium Carbonate.....	95.50%
Magnesium Oxide.....	1.64%
Silica.....	1.91%
Aluminium oxide.....	0.04%
Ferric oxide .....	0.68%
Potassium Oxide.....	0.01%
Sodium Oxide.....	0.02%
Sulphates.....	> .10 %
Lead .....	> 10 (mg/kg)

## Sieve Information

% Accumulated retained

Mesh -#10 + #20 .....	97%
below -#20 .....	3%

## Market Applications

- Textured Stuccos
- Water Filtrations
- Acid Neutralization
- Coatings

\*Qualities available: S= Supreme P1= Premium 1 P2= Premium 2  
T1= Type 1 T2 = Type 2 NC= Non classified

Calcium Carbonate is subject to normal variations related to the deposits from which it is extracted.
